Budget Reconciliation Act of 1981) applicable to a
family of the size involved.

(d) Modification of Phase-In of Eligibility.—

(1) Estimation of Total Expenditures.—
Between July 15 and August 1 of each calendar
year (beginning with 1997), the Director of the Of-

(c) Office of Management and Budget (in this subsection
referred to as the “Director”) shall estimate the sum of—

(A) the expenditures under titles XVIII
and XIX of the Social Security Act for the fis-

cal year beginning in such year, and

(B) the total amount of the vouchers to be
provided under this section in that fiscal year.

(2) Comparison with Baseline.—

(A) More Savings Than Anticipated.—
If the sum estimated under paragraph (1) for
a fiscal year is less than the baseline amount
under paragraph (3) for the fiscal year, then
paragraph (4) shall apply for the fiscal year.

(B) Less Savings Than Anticipated.—
If the sum estimated under paragraph (1) for
a fiscal year is more than the baseline amount
under paragraph (3), then paragraph (5)(B)
shall apply for the fiscal year (except as provided in paragraph (5)(A)).

(C) REPORT TO CONGRESS.—The Director shall promptly report to Congress on determinations under subparagraph (A).

(3) BASELINE.—For purposes of this subsection, the baseline amount under this paragraph for fiscal year—

(4) APPLICATION OF SAVINGS TO INCREASE ELIGIBILITY FOR VOUCHERS.—

(A) IN GENERAL.—If this paragraph applies for a year (before 2005), subject to subparagraph (B), the applicable percentage under
subsection (b)(2) for the year shall be increased by such whole number of percentage points as the Director estimates will result in aggregate additional expenditures in the year that do not exceed the amount by which the baseline amount under paragraph (3) for the fiscal year will exceed the sum estimated under paragraph (1) for the fiscal year. Such increase shall only apply to that calendar year involved.

(B) LIMITATION.—In no case shall the increase under subparagraph (A) for a year result in an applicable percentage exceeding the applicable percentage specified in the table in subsection (b)(2) for the following year.

(5) RECOVERY OF DEFICIT THROUGH ADJUSTMENT MECHANISM.—

(A) IN GENERAL.—In the case described in paragraph (2)(B), the Director shall submit to the Benefits Commission a report on the deficit for the year. With respect to a fiscal year in which subparagraph (B)(ii) applies, the Commission
shall submit recommended modifications under section 1312(c)(2) in response to such a deficit. If Congress adopts the modifications recommended by the Commission under such section, then subparagraph (B) shall not apply for such year.

(B) Adjustment mechanism.—

(i) Before full phase-in.—If this subparagraph applies for a year (up to the full phase-in year) (as defined in clause (iii)), then for the following year the phase-in eligibility percentage under subsection (b)(2) shall be decreased by such whole number of percentage points as the Director estimates will result in aggregate decrease in expenditures that are equal to the amount by which the sum estimated under paragraph (1) for the fiscal year will exceed the baseline amount under paragraph (3) for the fiscal year. Such decrease shall only apply to the year involved.

(ii) After full phase-in.—If this subparagraph applies for a year (after the full phase-in year), then for the following year the phase-in eligibility percentage
under subsection (b)(2) shall be decreased by such whole number of percentage points as the Director estimates will result in aggregate decrease in expenditures that are equal to the amount by which the sum estimated under paragraph (1) for the fiscal year will exceed the baseline amount under paragraph (3) for the fiscal year. Such decrease shall only apply to the year involved. 

(iii) Full phase-in defined.—In this subparagraph, the term “full phase-in year” means the first year in which the phase-in eligibility percentage under subsection (b)(2) has equaled 240 percent.

(C) Report to Congress.—The Director shall submit to Congress a report on any determinations and any adjustments under this paragraph.

(6) Accumulation of small deficits.—If the sum estimated under paragraph (1) for a fiscal year is determined by the Director to be such a small amount as to not be administratively cost efficient, no adjustments need be made.
(7) **No Administrative or Judicial Review.**—There shall be no administrative or judicial review of any determination under this subsection.

(e) **Application for Assistance.**—

(1) **In General.**—Any family may file an application for a voucher under this section at any time in accordance with this subsection.

The Secretary shall use, as deemed practicable by the Secretary, any existing forms employed for Federal income tax filings as an application for assistance.

(3) **Availability of Forms.**—The Secretary shall make application forms available through health care providers and plans, public assistance offices, public libraries, and at other locations (including post offices) accessible to a broad cross-section of families.

(4) **Submission of Application Form.**—An application form under this subsection may be sub-
mitted in such manner as the Secretary shall pro-
vide.

(5) Permitting Submission of Revised Ap-
lication.—During a year, a family may submit a
revised application to reflect changes in the es-
timated income of the family, including changes in
employment status of family members, during the
year. The voucher amount shall be revised to reflect
such a revised application.

(6) Enrollment at Point of Application.—To the extent practicable, the Secretary shall
provide for the option of enrollment in a qualified
health plan as part of the application and approval
process for assistance under this section. In provid-

and assistance regarding qualified health plans and
purchasing groups as may be necessary.

(B) based upon estimated income for the entire year in which the application is submitted.

(g) Use of voucher.—A voucher provided to a family under this section shall be remitted by any individual in such family to the qualified health plan, the purchasing group, or, in the case of an employment-related qualified health plan, to the employee's employer, as the case may be, for payment by the Secretary. The qualified health plan, purchasing group, or employer shall make proper adjustments in billing statements to reflect such family's remaining premium obligations (if any).

(h) Reconciliation.—

(1) Notice of voucher amount by Secretary.—In the case of a qualified family that has
received a voucher under this section for any month in a year, the Secretary shall, not later than January 31 of the following year, notify such family of the total amount of the vouchers that such family received during the year.

(2) Filing of Notice.—A family that receives a notice under paragraph (1) shall attach such notice to the tax return filed by such family for the year involved. The Secretary of the Treasury shall establish a procedure to enable a family that is not required to file a tax return for the year involved to file the notice received under paragraph (1).

(3) Reconciliation of Assistance Based on Actual Income.—

(A) In General.—Based on and using the information contained in the notice filed under paragraph (2) with respect to a family, the Secretary of the Treasury shall compute the amount of the voucher that should have been provided under this section with respect to the family in the year involved.

(B) Overpayment of Voucher.—If the amount of the voucher provided was greater than the amount computed under subparagraph (A), the excess amount shall be treated as an
underpayment of a tax imposed by chapter 1 of
the Internal Revenue Code of 1986 and paid by
the Secretary of the Treasury to the family in-
volved.

(C) UNDERPAYMENT OF VOUCHER.—If the
amount computed under subparagraph (A) is
greater than the amount of the voucher pro-
vided, the amount of the difference shall be
treated as an overpayment of tax imposed by
such chapter, or in the event such family is en-
titled to a refund of such a tax, subject to the
provisions of section 6402(d) of such Code.

(4) FAILURE TO FILE.—In the case of any fam-
ily that is required to file a notice under paragraph
(2) for a year and that fails to file such a notice by
the deadline specified by the Secretary, the entire
amount of the voucher provided in such year shall
be considered the excess amount under paragraph
(3)(B). The Secretary shall waive the application of
this paragraph if the family establishes, to the satis-
faction of the Secretary, good cause for the failure
to file the notice on a timely basis.

(5) PENALTIES FOR FALSE INFORMATION.—
Any individual who knowingly makes a material mis-
representation of information in an application for
assistance under this section, shall be liable to the Federal Government for excess payments made based on such misrepresentation and interest on such excess payments at a rate specified by the Secretary, and, in addition, shall be liable to the Federal Government for $1,000 or, if greater, 3 times the excess payments made based on such misrepresentation.

(i) determined without regard to sections 135, 162(l), 911, 931, and 933 of such Code; and

(ii) increased by—

(I) the amount of interest received or accrued which is exempt from tax, plus

(II) the amount of social security benefits (described in section 86(d) of such Code) which is not includible in gross income under section 86 of such Code.

(B) Family income.—The term "family income" means, with respect to a family, the sum of the income for all members of the family (as defined in section 1601(8)), not including the income of a dependent child with respect to which no return is required under the Internal Revenue Code of 1986.

**SEC. 1004. Expended Access to Employer Plans.**

(a) **Qualified Health Plans Made Available.**—Each employer shall make available, either directly, through a purchasing group, or otherwise, enrollment in a qualified health plan to each eligible employee of such employer. A small employer may meet the requirement of the previous sentence only through a qualified insured health plan.

(b) **Forwarding Information.**—

(1) **Information Regarding Plans.**—An employer must provide each employee of such employer (including any part-time or seasonal employee) with information provided by the State under section 1405 regarding all qualified health plans offered in the health care coverage area (in this title referred to as a "HCCA") in which the employer is located and, if the employee resides in another HCCA, information regarding how to obtain information on qualified health plans offered to residents of such other HCCA.
(2) INFORMATION REGARDING EMPLOYEES.— An employer must forward the name and address (and any other necessary identifying information specified by the Secretary) of each eligible employee—

(A) to the qualified health plan in which such employee is enrolled, or

(B) to the purchasing group (if any) through which such enrollment is made.

(c) PAYROLL DEDUCTION.—

(1) IN GENERAL.—If any employer is advised by a qualified health plan (or by a purchasing group on behalf of a qualified insured health plan) that an eligible employee is enrolled in such a plan, the employer, upon authorization by the employee, shall provide for the deduction, from the employee's wages or other compensation, of the premium amount due (less any employer contribution) to the plan or purchasing group.

(2) APPLICATION OF VOUCHER.—The employer shall reduce the amount so deducted by the amount of any voucher (described in section 1003) presented by the employee to the employer.

(d) LIMITED EMPLOYER OBLIGATION.—Nothing in this section shall be construed as requiring an employer
to make, or preventing such employer from making, an employer contribution toward coverage of employees (and their dependents) under a qualified health plan.

(e) NO REQUIREMENT TO ENROLL IN EMPLOYER-PROVIDED PLAN.—An eligible employee of a small employer may elect not to enroll in a qualified health plan offered by an employer under this section. Such an employee may enroll—

(2) report to the Secretary on such standards, within 6 months after the date of the enactment of this Act. If such Association develops such standards within such period and the Secretary finds that such standards implement the requirements of such section, such standards shall be applicable under this part.

(b) Role of the Secretary.—If the National Association of Insurance Commissioners Association fails to develop and report on the standards described in subsection (a) by the date specified in such subsection or the Secretary finds that such standards do not implement the requirements of sections 1111 through 1117 and 1122, the Secretary shall develop and publish such standards, by not later than the date that is 1 year after the date of enactment of this Act, and such standards shall be applicable under this part.

SEC. 1103. Application of Interim Requirements.

(a) In General.—Prior to the date on which a State establishes a certification program under subsection (a), an insurer may only offer an insured health plan in such State if such plan meets the requirements specified in subsection (c) applicable to qualified general access plans.

(b) Noncompliance.—An insurer that offers an insured health plan in a State referred to in subsection (a) that fails to meet the requirements of subsection (c) shall be subject to a sanction under the amendment made by section 2403(a).

Subpart B—Standards

SEC. 1111. GUARANTEED ELIGIBILITY, AVAILABILITY, AND RENEWABILITY.

(a) In General.—Except as otherwise provided in this section, no insurer may exclude from coverage under a qualified general access plan any eligible employee or eligible individual applying for coverage.
(b) **Standards.**—The insurance reform standards shall prohibit marketing or other practices by an insurer intended to discourage or limit the issuance of a qualified general access plan to an eligible employee or eligible individual on the basis of health status, employer size or industry, geographic area, or other risk factors.

(c) **Availability.**—A qualified general access plan must be made available throughout the entire HCCA in which such plan is offered.

(d) **Geographic Limitations.**—A qualified general access plan may deny coverage under the plan to an eligible employee or eligible individual who resides outside the HCCA in which such plan is offered, but only if such denial is applied uniformly, without regard to health status or insurability of individuals.

(e) **Application of Capacity Limits.**—

(1) **In general.**—Subject to paragraph (2), a qualified general access plan may apply to the appropriate certifying authority (as defined in section 1601(1)) to cease enrolling eligible employees and eligible individuals under the plan if—

(A) the plan ceases to enroll any new eligible employees and eligible individuals; and

(B) the plan can demonstrate to the applicable certifying authority that its financial or
provider capacity to serve previously covered groups or individuals (and additional individuals who will be expected to enroll because of affiliation with such previously covered groups or individuals) will be impaired if it is required to enroll other eligible employees and eligible individuals.

(2) First-come-first-served.— A qualified general access plan is only eligible to exercise the limitations provided for in paragraph (1) if such plan provides for enrollment of eligible employees and eligible individuals on a first-come-first-served basis (except in the case of additional individuals described in paragraph (1)(B)).

(f) Renewability.—

(1) In general.— A qualified general access plan that is issued to a small employer, eligible employee, or eligible individual shall be renewed, at the option of the employer, employee, or individual, unless the plan is terminated for a reason specified in paragraph (2) or (3).

(2) Grounds for refusal to renew.— An insurer may refuse to renew, or may terminate, a qualified general access plan under this subtitle only for—
(A) nonpayment of premiums;
(B) fraud or misrepresentation; or
(C) change in residence to a HCCA not served under the plan.

(3) TERMINATION.—

(A) IN GENERAL.—An insurer is not required to renew or make available a qualified general access plan through a particular type of delivery system (as defined in section 1601) with respect to a small employer, eligible employee, or eligible individual, is the insurer—

(i) elects not to renew all of its qualified general access plans using such delivery system issued to small employers, eligible employees, and eligible individuals in a HCCA; and

(ii) provides notice to the appropriate certifying authority and to each small employer and eligible individual covered under the plan of such termination at least 180 days before the date of expiration of the plan.

(B) PROHIBITION ON MARKET REENTRY.—
In the case of such a termination, the insurer may not provide for issuance of any qualified
general access plan using such a delivery sys-
tem to an eligible employer, eligible employee,
or eligible individual in the State during the 5-
year period beginning on the date of the termi-
nation of the last plan not so renewed.

(g) EXCEPTION DURING TRANSITION.—

(1) IN GENERAL.—Until the date specified in
section 1501, an insurer may exclude from coverage
any individual who does not apply for enrollment on
a timely basis, consistent with this subsection.

(2) CLARIFICATION OF TIMELY ENROLL-
MENT.—

(A) GENERAL INITIAL ENROLLMENT RE-
QUIREMENT.—Except as provided in this para-
graph, an insurer may consider enrollment of
an eligible employee or eligible individual in a
plan not to be timely if such employee or indi-
vidual fails to enroll in the plan during an ini-
tial enrollment period, if such period is at least
30 days long.

(B) ENROLLMENT DUE TO LOSS OF PRE-
VIOUS EMPLOYER COVERAGE.—Enrollment in a
qualified general access plan is considered to be
timely in the case of an eligible employee or eli-
gible individual who—
(i) was covered under another health
plan at the time of the individual’s initial
enrollment period;

(ii) stated at the time of the initial en-
rollment period that coverage under a
health plan was the reason for declining
enrollment;

(iii) lost coverage under another
health plan (as a result of the termination
of the other plan’s coverage, termination or
reduction of employment, or other reason);
and

(iv) requests enrollment within 30
days after termination of such coverage.

(C) REQUIREMENT APPLIES DURING OPEN
ENROLLMENT PERIODS.—Each qualified gen-
eral access plan shall provide for at least one
period (of not less than 30 days) each year dur-
ing which enrollment under the plan shall be
considered to be timely.

(D) EXCEPTION FOR COURT ORDERS.—
Enrollment of a spouse or minor child of an eli-
gible employee or eligible individual shall be
considered to be timely if—
(i) a court has ordered that coverage
be provided for the spouse or child under
a covered employee's or individual's health
plan, and
(ii) a request for enrollment is made
within 30 days after the date the court is-
sues the order.

(E) Enrollment of Spouses and Depen-
dents.—

(i) In general.—Enrollment of the
spouse (including a child of the spouse)
and any dependent child of an eligible em-
ployee or eligible individual shall be consid-
ered to be timely if a request for enroll-
ment is made either—

(I) within 30 days of the date of
the marriage or of the date of the
birth or adoption of a child, if family
coverage is available as of such date,
or

(II) within 30 days of the date
family coverage is first made avail-
able.

(ii) Coverage.—If a plan makes
family coverage available and enrollment is
made under the plan on a timely basis
under clause (i)(I), the coverage shall be-
come effective not later than the first day
of the first month beginning after the date
of the marriage or the date of birth or
adoption of the child (as the case may be).

SEC. 1112. NONDISCRIMINATION BASED ON HEALTH STA-
TUS.

(a) In General.— Except as provided under sub-
section (b), a qualified health plan may not deny, limit,
or condition the coverage under (or benefits of) the plan
based on the health status, claims experience, receipt of
health care, execution of an advance directive, medical his-
tory, or lack of evidence of insurability, of an individual.

(b) Treatment of Preexisting Condition Ex-
clusions for All Services.—

(1) In General.— A qualified health plan may
not impose (and an insurer may not require a small
employer under a qualified health plan to impose
through a waiting period for coverage under a plan
or similar requirement) a limitation or exclusion of
benefits relating to treatment of a condition based
on the fact that the condition preexisted the effective
date of the plan with respect to an individual if—
(A) the condition relates to a condition that was not diagnosed or treated during the 3-month period ending on the day before the first date of coverage under the plan;

(B) the limitation or exclusion extends over more than 6 months after the date of coverage under the plan;

(C) the limitation or exclusion applies to an individual who, as of the date of birth, was covered under the plan; or

(D) the limitation or exclusion relates to pregnancy.

In the case of an individual who is eligible for coverage under a qualified health plan but for a waiting period imposed by an employer, in applying subparagraphs (A) and (B), the individual shall be treated as having been covered under the plan as of the earliest date of the beginning of the waiting period.

(2) CREDITING OF PREVIOUS COVERAGE.—A qualified health plan shall provide that if an individual under such plan is in a period of continuous coverage with respect to particular services as of the date of initial coverage under such plan, any period of exclusion of coverage with respect to a preexisting condition for such services or type of services shall
be reduced by 1 month for each month in the period of continuous coverage.

(3) Definitions.—As used in this subsection:

(A) Period of Continuous Coverage.—The term “period of continuous coverage” means, with respect to particular services, the period beginning on the date an individual is enrolled under a qualified health plan or an equivalent health care program which provides benefits with respect to such services and ends on the date the individual is not so enrolled for a continuous period of more than 3 months.

(B) Preexisting Condition.—The term “preexisting condition” means, with respect to coverage under a qualified health plan, a condition the diagnosis of which was known or which was treated, within the 3-month period ending on the day before the first date of such coverage (without regard to any waiting period).

SEC. 1113. Benefits Offered.

(a) In General.—A qualified general access plan shall—

(1) offer to all enrollees in the plan coverage for the covered items and services specified under subtitle D;
(2) imposes on such enrollees the cost sharing requirements for such items and services specified under such subtitle; 
(3) demonstrate the ability to provide such items and services throughout the HCCA in which the plan enrolls individuals; and 
(4) covers the routine medical costs of certain investigational treatments referred to in section 1301(d)(3).

However, no specific procedure or treatment is required to be covered in such a plan.

(b) Availability of Services in Entire Coverage Area.—Each qualified general access plan offered in a HCCA shall provide assurances to the appropriate certifying authority that it has the capacity to deliver the full range of covered items and services to potential enrollees who reside within the HCCA served by the plan.

(c) Limitation on Offering Additional Benefits.—An insurer offering a qualified general access plan may only offer coverage of items and services that are not covered items or services, or a reduction in cost sharing below the cost sharing specified under subtitle D for the benefit package applicable, if—
(1) such additional coverage is offered and priced separately from the standard or catastrophic package offered;

(2) the purchase of the plan is not conditioned upon the purchase of such additional coverage; and

(3) coverage of such additional items and services is offered to individuals who are not enrolled in such plan.

(d) Application of Arbitration.—A qualified general access plan shall provide for a mandatory binding arbitration in accordance with the process described in section 1407.

SEC. 1114. FINANCIAL SOLVENCY REQUIREMENTS.

(a) Solvency Protection.—Each insurer offering a qualified general access plan shall meet financial solvency requirements to assure protection of enrollees with respect to potential insolvency.

(b) Protection Against Provider Claims.—In the case of a failure of a qualified general access plan to make payments with respect to covered items and services, an individual who is enrolled under the plan is not liable to any health care provider or practitioner with respect to the provision of such items and services for payments in excess of the amount for which the enrollee would have
been liable if the plan were to have made payments in a timely manner.

**SEC. 1115. ENROLLMENT.**

(a) **Enrollment Process.—**

1. **In general.—** A qualified general access plan shall establish an enrollment process consistent with this subsection.

2. **Initial Enrollment Period.—** Each eligible employee or eligible individual, at the time the individual first becomes an eligible employee or eligible individual in the HCCA in which a qualified general access plan is offered, shall have an initial enrollment period (of not less than 30 days) in which to enroll in the plan.

3. **General Enrollment Period.—** Each qualified general access plan shall permit eligible employees and eligible individuals to enroll (or change enrollment) in the plan during each general annual enrollment period specified by the appropriate certifying authority under section 1408.

4. **Special Enrollment Periods.—** In the case of an eligible employee or eligible individual who—
(A) through marriage, divorce, birth, or adoption of a child, or similar circumstances, experiences a change in family composition;
(B) experiences a change in employment status (including a significant change in the terms and conditions of employment); or
(C) changes residence to another HCCA;
each qualified general access plan shall provide for a special enrollment period in which the employee or individual is permitted to change the individual or family basis of coverage or the plan in which the employee or individual is enrolled. The circumstances under which such special enrollment periods are required and the duration of such periods shall be specified in the insurance reform standards.

(5) Transitional Enrollment Period.— Each qualified general access plan that will be offered at the beginning of the first certification year (as defined in section 1601(9)) shall provide for a special transitional enrollment period (during a period beginning in the months of October through December of the previous year) during which eligible employees and eligible individuals may first enroll.

(b) Period of Coverage.—
(1) Initial Enrollment Period.—In the case of an eligible employee or eligible individual who enrolls with a qualified general access plan during an initial enrollment period, coverage under the plan shall begin on such date (not later than the first day of the first month that begins at least 15 days after the date of enrollment) as the insurance reform standards specify.

(2) General Enrollment Periods.—In the case of an eligible employee or eligible individual who enrolls with a qualified general access plan during a general enrollment period, coverage under the plan shall begin on the first day of the first month beginning at least 15 days after the end of such period.

(3) Special Enrollment Periods.—

(A) In General.—In the case of an eligible employee or eligible individual who enrolls with a qualified general access plan during a special enrollment period described in subsection (a)(4), coverage under the plan shall begin on such date (not later than the first day of the first month that begins at least 15 days after the date of enrollment) as the insurance reform standards specify, except that coverage of family members shall begin as soon as pos-
sible on or after the date of the event that gives rise to the special enrollment period.

(B) Transitional Special Enrollment Period.—In the case of an eligible employee or eligible individual who enrolls with a qualified general access plan during the transitional special enrollment period described in subsection (a)(5), coverage under the plan shall begin on January 1 of the first certification year.

(4) Minimum Period of Enrollment.—

(A) In General.—In order to avoid adverse selection, each qualified general access plan may require, consistent with the insurance reform standards, that enrollments with the plan be for not less than a specified minimum enrollment period (with exceptions permitted for such exceptional circumstances as the standards may recognize).

(B) Sunset.—Subparagraph (A) shall not apply on and after the date that the universal coverage requirement of section 1501 first applies.

SEC. 1116. RATING LIMITATIONS.

(a) Limit on Variation of Premiums for Enrollees Under Age 65.—
(1) **IN GENERAL.**—Subject to paragraph (2), the premium charged by an insurer for coverage under a qualified general access plan offered to all eligible employees and eligible individuals within an age band specified under subsection (b) for a class of family enrollment in a HCCA may not exceed such premium within another age band for such class and HCCA so specified by more than—

(A) 20 percent, for the first certification year,

(B) 18, 16, 14, and 12 percent, for each of the next 4 respective years, and

(C) 10 percent for each succeeding year thereafter.

(2) **ADJUSTMENT BASED ON DIFFERENCES IN ADMINISTRATIVE COSTS.**—In accordance with the insurance reform standards, an insurer may vary the premiums based on identifiable differences in marketing and other legitimate administrative costs (as defined in such standards), except that such premiums may not vary under this paragraph with respect to enrollees within a particular purchasing group.

(b) **ESTABLISHMENT OF CLASSES OF FAMILY ENROLLMENT AND AGE BANDS.**—
(1) Classes of Family Enrollment.— For purposes of this title, there are 2 classes of family enrollment:

(A) Enrollment of an individual without dependents (in this section referred to as “individual enrollment”).

(B) Enrollment of an individual with dependents.

(2) Age Bands.— For purposes of this title, the insurance reform standards shall specify age bands for individuals under 65 years of age, which shall be applied to the premium for each class of family enrollment based on the age of the principal or other enrollee (as specified under such standards).

(c) Standard Premiums With Respect to Eligible Employees and Eligible Individuals.—

(1) In General.— Each qualified general access plan to be offered to an eligible employee or eligible individual which provides for—

(A) the standard package, shall establish a standard premium for such package, or

(B) the catastrophic package, shall establish a standard premium for such package,

for individual enrollment within each HCCA in which the plan is offered. Subject to paragraph (2),
within a HCCA for eligible employees and eligible individuals, the standard premium for each such package for all such employees and individuals shall be the same.

(2) Application to Individuals.—The premium charged for coverage in a qualified general access plan shall be the product of—

(A) the standard premium (established under paragraph (1));

(B) in the case of enrollment other than individual enrollment, the family adjustment factor specified under paragraph (3); and

(C) the age factor (specified under paragraph (4)) for the age band in which the enrollment is classified.

(3) Family Adjustment Factor.—The insurance reform standards shall specify a family adjustment factor that reflects the relative actuarial costs of benefit packages based on a family enrollment (as compared with such costs for individual enrollment). Such factor may be different for the standard package and the catastrophic package, but may not differ based on the geographic area in which the plan is offered.

(4) Age Adjustment Factor.—
(A) In General.—The insurance reform standards shall specify, for each age band established under subsection (b)(2), an age adjustment factor that reflects the relative actuarial costs of benefit packages among enrollees classified in the different age bands. Such factors may be different for the standard package and the catastrophic package.

(B) Limit on Variation in Age Adjustment Factors.—The highest age adjustment factor may not exceed twice the lowest age adjustment factor.

(d) Full Disclosure of Rating Practices.—

(1) In General.—At the time an insurer offers a qualified general access plan, the insurer shall fully disclose rating practices for such plan.

(2) Notice on Expiration.—An insurer providing a qualified general access plan shall provide for notice, at least 60 days before the date of expiration of the plan, of the terms for renewal of the plan. Such notice shall include an explanation of the extent to which any increase in premiums is due to actual or expected claims experience of the individuals covered under the plan contract.
(e) Notification of Failure to Receive Premium.—If a qualified general access plan fails to receive payment on a premium due with respect to an individual covered under the plan, the plan shall provide notice of such failure to the individual within the 20-day period after the date on which such premium payment was due.

(f) Actuarial Certification.—Each insurer shall file annually with the appropriate certifying authority a written statement by a member of the American Academy of Actuaries (or other individual acceptable to such authority) certifying that, based upon an examination by the individual which includes a review of the appropriate records and of the actuarial assumptions of the insurer and methods used by the insurer in establishing premium rates for qualified general access plans—

(1) the insurer is in compliance with the applicable provisions of this section; and

(2) the rating methods are actuarially sound.

Each insurer shall retain a copy of such statement for examination by any individual at its principal place of business.

(g) Payment of Premiums.—

(1) In General.—With respect to a new enrollee in a qualified general access plan, the plan may require advanced payment of an amount equal
to monthly applicable premium for the plan at the
time such individual is enrolled.

(2) Requirement for Payroll Deductions.—

(A) In General.—Subject to subparagraph (C)(ii), a qualified general access plan
may require, in the case of an individual en-
rolled under the plan as an eligible employee,
that payment of premiums with respect to the
individual be made through payroll deduction.

(B) Frequency.—In the case of an eligi-
ble employee who is paid wages or other com-
pensation—

(i) on a monthly or more frequent
basis, a qualified general access plan may
not require the employer to provide for
payment of such an amount other than at
the same time at which such an amount is
deducted from such wages or other com-
pensation, or

(ii) less frequently than monthly, a
qualified general access plan may require
the employer to provide for payment of
such an amount on a monthly basis.

(C) Employee Protections.—
(i) **Withholding constitutes satisfaction of obligation.**—Withholding of an amount by an employer under this paragraph shall constitute satisfaction of the employee’s obligation to pay the qualified general access plan with respect to such amount.

(ii) **Direct payment allowed in case of nonpayment.**—In the case of the nonpayment to a qualified general access plan of any amount withheld by an employer, the plan shall notify such employee of such nonpayment and shall allow the employee to make direct payments to the plan effective with the next succeeding payment period.

**SEC. 1117. RISK ADJUSTMENT.**

(a) **In general.**—Each qualified general access plan shall participate in a risk adjustment program of the State (or the Secretary if the Secretary is the appropriate certifying authority) described in section 1406.

(b) **Risk adjustment process and factors.**—

(1) **In general.**—The insurance reform standards shall specify the risk adjustment process and
factors to be used under such risk adjustment programs.

(2) FACTORS.—

(A) IN GENERAL.—Such risk-adjustment factors shall be established for each class of family enrollment in a qualified general access plan based on all individuals in such class enrolled in the plan. Each factor shall be correlated with increased or diminished risk for consumption of the type of health services included in the covered items and services under section 1301. To the maximum extent practicable, such factors shall be determined without regard to the delivery system used by individual qualified general access plans in the provision of such items and services.

(B) RULES.—In determining such a factor for a class, in the case of a qualified general access plan that—

(i) on average has a lower-than-average risk for consumption of the covered items and services, the factor shall be a number, less than zero, reflecting the degree of such lower risk;
(ii) has an average risk for consumption of such items and services, the factor shall be zero; or

(iii) on average has a higher-than-average risk for consumption of such items and services, the factor shall be a number, greater than zero, reflecting the degree of such higher risk.

SEC. 1118. COLLECTION AND PROVISION OF STANDARDIZED INFORMATION.

(a) In General.—A qualified health plan shall provide the State (at a time, not less frequently than annually) such information as the Secretary shall prescribe by regulation as necessary, consistent with this section and sections 1405 and 3301, to evaluate the performance of the qualified health plan and to prepare the comparative materials described in section 1405. A qualified general access plan shall provide each State with such additional information as such State may determine to be necessary with respect to qualified general access plans. The data collection standards shall specify the standardized format for such information (including model forms) for use by qualified health plans in providing information under this subsection. Such standards shall be consistent with subtitle B of title III.
(b) **Use of Uniform Claims Forms.**—Each qualified health plan shall use standardized forms, including uniform claims forms, identified by the insurance reform standards.

(c) **Conditioning Certain Provider Payments.**—

(1) **In General.**—In order to assure the collection of all information required from the direct providers of services for which benefits are available through a qualified general access plan, a qualified general access plan may not provide payment for services (other than emergency services) furnished under a benefits package unless the provider has given the plan standard information (specified in or pursuant to the insurance reform standards) respecting the services.

(2) **Forwarding Information.**—If information under paragraph (1) is given to the qualified general access plan, the plan is responsible for forwarding the information to the State (or the Secretary) under subsection (a).

(d) **Information Regarding a Patient’s Right to Self Determination Regarding Health Care.**—Each qualified health plan shall provide written information to each individual enrolling in such plan of such indi-
individual’s right under State law (whether statutory or as recognized by the courts of the State) to make decisions concerning medical care, including the right to accept or refuse medical treatment and the right to formulate advance directives (as defined in section 1866(f)(3) of the Social Security Act (42 U.S.C. 1395cc(f)(3))), and the written policies of the qualified health plan with respect to such right.

SEC. 1119. QUALITY ASSURANCE.

Each qualified general access plan shall establish and maintain a quality assurance program that complies with the standards developed under section 3001.

SEC. 1120. MEDIATION PROCEDURES RELATING TO MALPRACTICE CLAIMS.

Each qualified general access plan shall establish and maintain a mediation procedures program that complies with the standards developed under section 4011.

SEC. 1121. SERVICE TO DESIGNATED UNDERSERVED AREAS.

Each qualified general access plan shall contain assurances of compliance with any requirements relating to the provision of covered items and services in designated underserved areas as determined by the appropriate certifying authority.
SEC. 1122. ADDITIONAL REQUIREMENTS.

Each qualified general access plan shall comply with the requirements of part III and meet such other requirements as may be imposed under the insurance reform standards or by the appropriate certifying authority. If such authority is a State, the authority may require such a plan to enter into an agreement under section 1933(b)(3) of the Social Security Act, as added by section 6021(a) of this Act, for the provision of items and services on a capitated basis under the medicaid program.

PART II—INDIVIDUAL AND SMALL EMPLOYER PURCHASING GROUPS

SEC. 1141. ESTABLISHMENT AND ORGANIZATION.

(a) In General.—Individual and small employer purchasing groups (in this Act referred to as “purchasing groups”) may be established in accordance with this part. Each purchasing group shall be chartered under State law and operated as a not-for-profit corporation. An insurer may not form, underwrite, or possess a majority vote of a purchasing group, but may administer such a group.

(b) Board of Directors.—

(B) Actions by Plan Sponsor.—Upon a determination by the Secretary or the Secretary of Labor under subparagraph (A)(ii), the plan sponsor shall, at the direction of such Secretary, terminate the plan and, in the course of the termination, take such actions as such Secretary, in consultation with the other Secretary referred to in subparagraph (A)(i), may require as necessary to ensure that the affairs of the plan will be, to the maximum extent possible, wound up in a manner which will result in timely payment of all benefits for which the plan is obligated.

(C) Actions by Large Employer.—Upon a determination by the Secretary or the Secretary of Labor under subparagraph (A)(ii), the large employer shall provide for such contingency coverage for all eligible employees of
the employer in accordance with regulations which shall be prescribed in joint regulations of such Secretaries. funds and assets as the court determines to be appropriate), except that the court may waive the application of such requirement to a party if the court determines that the posting of such a bond is not necessary to ensure that the party shall meet the requirements of this section to pay the opposing party the costs incurred by the opposing party under the action.

PART II—LIABILITY REFORM

SEC. 4021. APPLICABILITY

(a) IN GENERAL.—This part shall apply with respect to any health care malpractice action brought in any State or Federal court, except that this part shall not apply to a claim or action for damages arising from a vaccine-related injury or death to the extent that title XXI of the Public Health Service Act applies to the claim or action.

(b) Calculation of fees in the event of periodic payments.—In the event that a judgment or settlement includes periodic or future payments of damages, the amount recovered for purposes of computing the limitation on the contingency fee under subsection (a) shall be based on the cost of the annuity or trust established to make the payments. (c) Contingency fee defined.—As used in this section, the term "contingency fee" means any fee for professional legal services which is, in whole or in part, contingent upon the recovery of any amount of damages, whether through judgment or settlement.

With respect to actions heard by a jury, the jury may not be informed of limitation contained in this subsection, and if necessary, a reduction in the jury’s damage award shall be made by the court.

(1) IN GENERAL.—With respect to a health care malpractice claim or action, the total amount of damages received by an individual under such action shall be reduced, in accordance with paragraph (2), by any other payment that has been, or will be, made to an individual to compensate such individual for the injury that was the subject of such action.

(2) AMOUNT OF REDUCTION.—The amount by which an award of damages to an individual for an
injury shall be reduced under paragraph (1) shall be—

(B) the amount paid by such individual (or by the spouse, parent, or legal guardian of such individual) to secure the payments described in subparagraph (A).

(c) Periodic Payments.— With respect to a health care malpractice action referred to in subsection (a), no person may be required to pay more than $100,000 for future damages in a single payment of a damages award, but a person shall be permitted to make such payments of the award on a periodic basis. The periods for such payments shall be determined by the adjudicating body, based upon projections of future losses and shall be reduced to present value.

(2) BY CLAIMANT.—Sanctions under paragraph (1) may apply against a claimant if the court determines that the frivolous nature of the action was a result of the misrepresentation of facts by the claimant to the attorney.

with the guidelines developed by the State (that certified or regulates the health plan involved in the action) and certified by the Secretary under paragraph (1), the guidelines—

(A) may be introduced by a provider who is a party to the claim or action;

(B) if introduced, shall establish a rebuttable presumption that the service prescribed by the guidelines is the appropriate standard of medical care; and

(C) if used to establish a rebuttable presumption, may only be overcome by the presentation of clear and convincing evidence on behalf of the party against whom the presumption operates.

(b) Absolute Defense.—With respect to new or experimental treatments that are part of approved research trials (as defined in subsection (c)), no health care provider may be required to provide or held liable for failing to provide such treatment until that treatment is found to be safe and efficacious by the Agency for Health Care Policy and Research.

health care providers will be better able to ne-
gotiate payment and service arrangements
which will reduce costs to consumers.

(B) Taking into consideration the charac-
teristics of the particular purchasers and
providers involved, competition will not be
unduly restricted.

(C) Equally efficient and less restrictive al-
ternatives do not exist to meet the criteria de-

(D) The activity will not unreasonably
foreclose competition by denying competitors a
necessary element of competition.

with the Secretary and the Chair, the Attorney General
shall (not later than 180 days after the date of the enact-

cation, and describes the conduct for which the application is submitted.

(3) Establishment of procedures for issuance of certificate.—In consultation with the Chair and the Secretary, the Attorney General shall establish procedures to be used in applying for and in determining whether to approve an application for a certificate of review under this subtitle. Under such procedures the Attorney General shall approve an application if the Attorney General determines that the activities to be covered under the certificate will satisfy the criteria described in section 4203(b) for additional safe harbors designated under such section and that the benefits of the issuance of the certificate will outweigh any disadvantages that may result from reduced competition.

(4) Timing for decision on application.—

(A) In general.—Within 90 days after the Attorney General receives an application for a certificate of review, the Attorney General shall determine whether the applicant’s health care market activities are in accordance with the procedures described in paragraph (3). are met, the Attorney General shall issue to the applicant a certificate of review. The certificate of review shall specify—

(ii) the person to whom the certificate of review is issued, and

(iii) any terms and conditions the Attorney General or the Secretary deems necessary to assure compliance with the applicable procedures described in paragraph (3).

(B) Applications Deemed Approved.—If the Attorney General does not reject an application before the expiration of the 90-period beginning on the date the Attorney General receives the application, the Attorney General shall be deemed to have approved the application and to have issued a certificate of review relating to the applicant’s health care market activities covered under the application.

(5) Expedited Action.—If the applicant indicates a special need for prompt disposition, the Attorney General and the Secretary may expedite action on the application, except that no certificate of
review may be issued within 30 days of publication of notice in the Federal Register under subsection (b)(2).

The Attorney General, with the concurrence of the Secretary, shall notify the applicant of the determination upon reconsideration within 30 days of receipt of the request.

(C) RETURN OF DOCUMENTS.—If the Attorney General denies an application for the issuance of a certificate of review and thereafter receives from the applicant a request for the return of documents submitted by the applicant in connection with the application for the certificate, the Attorney General and the Secretary
shall return to the applicant, not later than 30 days after receipt of the request, the documents and all copies of the documents available to the Attorney General and the Secretary, except to the extent that the information has been made public under an exception to the rule against public disclosure described in subsection (g)(2)(B).

(iii) The activities covered under the certificate no longer satisfy the criteria set forth in section 4203(b).
(B) **REQUEST FOR COMPLIANCE INFORMATION.**—If the Attorney General or Secretary has reason to believe that any of the grounds for revocation of a certificate of review described in subparagraph (A) may apply to a person holding the certificate, the Attorney General shall request such information from such person as the Attorney General or the Secretary deems necessary to resolve the matter of compliance. Failure to comply with such request shall be grounds for revocation of the certificate under this paragraph.

(C) **PROCEDURES FOR REVOCATION.**—If the Attorney General or the Secretary determines that any of the grounds for revocation of a certificate of review described in subparagraph (A) apply to a person holding the certificate, or that such person has failed to comply with a request made under subparagraph (B), the Attorney General shall give written notice of the determination to such person. The notice shall include a statement of the circumstances underlying, and the reasons in support of, the determination. In the 60-day period beginning 30 days after the notice is given, the Attorney

(D) Investigation Authority.—For purposes of carrying out this paragraph, the Attorney General may conduct investigations in the same manner as the Attorney General conducts investigations under section 3 of the Antitrust Civil Process Act, except that no civil investigative demand may be issued to a person to whom a certificate of review is issued if such person is the target of such investigation.

(d) Review of Determinations.—

(1) Availability of review for certain actions.—If the Attorney General denies, in whole or in part, an application for a certificate of review or for an amendment to a certificate, or revokes or modifies a certificate pursuant to paragraph (3), the applicant or certificate holder (as the case may be) may, within 30 days of the denial or revocation, bring an action in any appropriate district court of the United States to set aside the determination on
that such determination is erroneous
based on the preponderance of the evidence.

(2) No other review permitted.—Except
as provided in paragraph (1), no action by the At-
torney General or the Secretary pursuant to this
subtitle shall be subject to judicial review.

(3) Effect of rejected application.—If
the Attorney General denies, in whole or in part, an
application for a certificate of review or for an
amendment to a certificate, or revokes or amends a
certificate, neither the negative determination nor
the statement of reasons therefore shall be admissi-

ceeding, concerning any claim under the antitrust
laws.

(e) Publication of decisions.—The Attorney
General shall publish a notice in the Federal Register on
a timely basis of each decision made with respect to an
application for a certificate of review under this section
or the amendment or revocation of such a certificate, in
a manner that protects the confidentiality of any propri-

agency will disclose the information only
under the circumstances specified in
clauses (i) through (v).

(3) Prohibition against use of information to support or answer claims under antitrust laws.—Any information disclosed in an application for a certificate of review under this section shall only be admissible into evidence in a judicial or administrative proceeding for the sole purpose of establishing that a person is entitled to the protections provided by such a certificate.
